

RAUCH inc., a full-service professional design firm,  
seeks to fill an immediate position of

## **GEOTECHNICAL ENGINEER**

### **JOB REQUIREMENTS:**

- Bachelor's degree in Civil Engineering with a focus in Geotechnical Engineering (Master's preferred)
- 3+ years of geotechnical engineering experience (consulting environment preferred)
- Professional Engineer (PE) license or ability to obtain within 12 months
- Proficiency with geotechnical software such as PLAXIS, GeoStudio, LPILE, or equivalent
- Strong technical writing, communication, and project management skills
- Valid driver's license and willingness to travel for field work

### **RESPONSIBILITIES:**

- Conduct geotechnical investigations, including field exploration and laboratory testing programs
- Analyze soil, rock, groundwater, and geologic data to assess subsurface conditions
- Prepare geotechnical reports and engineering recommendations for foundations, retaining structures, slopes, and pavements
- Design shallow and deep foundation systems, retaining walls, and ground improvement techniques
- Perform slope stability, settlement, and bearing capacity analyses
- Coordinate with civil, structural, and environmental engineering teams
- Oversee field work and construction activities to ensure compliance with geotechnical recommendations
- Communicate effectively with clients, contractors, and regulatory agencies

### **SALARY & BENEFITS:**

- Salary range of \$80,000-\$100,000 per year (commensurate with experience)
- Health insurance, Group Life Insurance, Short Term Disability, Long Term Disability, and Accidental Death and Dismemberment
- Health Savings Account
- SIMPLE IRA Plan
- Paid Holidays and Vacation

### **LOCATION:**

- The position is located at our headquarters in Easton, Maryland.
